

## January, 2008 Revisions to the INDOT/FHWA Cultural Resources Manual

- **Page 8** – Policy regarding 4(f) *de minimis* determinations have been clarified.
- **Page 12** – A discussion of INDOT-CRS’s recent survey and NRHP evaluation of INDOT’s district garages built before 1965. In summary, 30 garages (including subdistrict and unit facilities) were identified and evaluated. Of these 30 garages, six are recommended eligible for the National Register.
- **Pages 18 and 19** – A discussion of the Interim Reports has been added to the section about the Indiana Historic Sites and Structures Inventory.
- **Pages 30 to 32** – Sections 2.6.1 Criteria of Eligibility, 2.6.2 Historic Integrity, and 2.6.3 Historic Context were revised so that the definitions of and relationships between Historic Integrity, Significance, and Historic Context are clarified.
- **Page 47** – Use of the Interim Reports are more thoroughly discussed.
- **Pages 49, Page 50, and Page 52** – The following text was inserted into the discussions of the 800.11 documentation: “A copy of the finding should be sent to the appropriate INDOT District Office Environmental Scoping Manager. If the project is generated from INDOT Central Office or is an EA/EIS project, a copy of the finding should be sent to the Environmental Policy Administrator in the Office of Environmental Services.”
- **Page 60** – Table 4.1 was revised. Specifically, the word “or” was inserted so that a CE Level 1 is used for a Minor Project PA project or a finding of “no historic properties affected” project. Also, now a CE Level 2 is used for a finding of “no adverse effect,” and a CE Level 3 for a finding of “adverse effect.”

**Table 4.1 CE Level Thresholds, Cultural Resources**

	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Level 4</b>
<b>Section 106</b>	“No Historic Properties Affected” <b>or</b> falls within guidelines of Minor Projects PA	“No Adverse Effect”	“Adverse Effect”	If ACHP involved

- **Page 72** – a new table (Table 5.4.) Illustrating District 106 timeframes processed in-house by INDOT-CRS was added to the section discussing Section 106 timeframes.
- **Page 87** – the following text was inserted into 6.5.2 Phase Ia Reconnaissance (Survey): “On sites with a ground surface visibility greater than 30%, excavate at least a single shovel test in order to characterize the subsurface deposits.”
- **Page 98** - Section 7.5 was revised so that INDOT Historic Property Reports requirements are clarified. Appendices AA and BB were revised accordingly.
- **Appendix L (page 79 in Appendices)** - Inserted the sentence “Name of the qualified professional that prepared the documentation, company/organization/institution, address, telephone number, and email address.”

- **Appendix L (page 80 in Appendices)** - Inserted the sentence: “Map clearly delineating the National Register boundary of any National Register listed or eligible properties located within the APE.”
- **Appendices N, O, and P** - The Section 106 800.11 forms have all been updated to reflect FHWA’s and INDOT’s recent revisions.
- **Appendix Q (page 100 in Appendices)** - The following clause was inserted into the MOA template: “WHEREAS the Advisory Council on Historic Preservation declined to participate in consultation in a letter dated **\*\*(date of letter)\*\***; and...”
- **Appendix R** - The updated Minor Projects PA, with the new category B-7, was inserted.
- **Appendices X and Y** - Two examples of Culture History and Previous Investigations sections were inserted to clarify INDOT guidelines for Records Checks/Lit Reviews and Phase I reconnaissance reports.
- **Appendix AA** - Historic Property Report Guidelines have been revised
- **Appendix BB** Historic Property Short Report Guidelines have been revised.
